## EDUCATION

- National Institute of Technology Jamshedpur** 2022–Present  
B.Tech in Electronics and Communication Engineering
- Mar Gregorios Memorial Higher Secondary School, Bokaro** 2022  
Intermediate (CBSE) Percentage: 90.2
- Mar Gregorios Memorial Higher Secondary School, Bokaro** 2020  
Matriculation (CBSE) Percentage: 91.1

## EXPERIENCE

- Research Intern, IDEA Cell, IIM Mumbai** Jul 2025 – Oct 2025  
*Appointed to the SRIC Department on a temporary financial research assignment. ([Offer Letter](#)).*
  - Worked on **ML workflows, NLP-based sentiment modeling, and automation** for financial research.
  - Implemented **data preprocessing, feature engineering, model training and evaluation** in Python.
  - Built **LLM-assisted sentiment pipeline** and automated reporting dashboards.
  - Documented experiments and collaborated with researchers to support data-driven insights.

## TECHNICAL & RESEARCH PROJECTS

- AI Stock Advisor ([Link](#)) ([Source Code](#))** Jul 2025 – Oct 2025  
Developed an AI-powered analytics platform that combines ML models with LLM-based sentiment analysis.
  - Built ML pipeline with feature engineering, model training/testing, and evaluation.
  - Integrated sentiment extraction along with **predictive modeling**.
  - Implemented **data preprocessing, visualization, and performance metrics**.
  - **Stack:** Python, FastAPI, Pandas, yFinance, Scikit-learn, Streamlit, OpenAI API
- Blogging App ([Link](#)) ([Source Code](#))** May 2024  
Full Stack web app where users can post, like, comment, and share blogs with real-time notifications.
  - Designed RESTful APIs using **Express.js** and **MongoDB**.
  - Integrated **WebSockets (Socket.io)** for live updates and instant notifications.
  - Implemented authentication using **JWT** and password encryption with **bcrypt**.
  - **Stack:** React.js, Node.js, Express.js, MongoDB, Socket.io
- Real-Time Chat App ([Link](#)) ([Source Code](#))** Feb 2024  
Developed a chat application supporting one-to-one and group messaging with real-time updates.
  - Built event-driven architecture using **WebSockets** and **Socket.io**.
  - Managed user sessions, chat room creation, and message routing in **Express.js**.
  - Implemented frontend in **React.js** with dynamic rendering and state management.
  - **Stack:** React.js, Node.js, Express.js, Socket.io
- Smart Healthcare Monitoring System** Aug 2024 – Present  
Prototype using physiological sensors to track patient vitals and assign health priority.
  - Integrated **ECG (AD8232), Temperature (LM35) and GSR v1.2** sensors with **ESP8266**.
  - Implemented logic-based prioritization with buffered sensor data and live monitoring.
  - Real-time dashboard + fail-safe network buffering + automated severity alerts for health priority.
  - **Tools:** Arduino IDE, C++, ThingSpeak

## TECHNICAL SKILLS

- Programming:** Python, C/C++, SQL, JavaScript, Bash
- Machine Learning and Data:** Scikit-learn, NumPy, Pandas, Matplotlib, Feature Engineering, Model Evaluation
- NLP and GenAI:** Sentiment Analysis, Prompt Engineering, Embeddings, OpenAI API, LangChain
- Computer Vision:** OpenCV, Image Preprocessing, Data Augmentation
- Frameworks and Tools:** PyTorch/TensorFlow, FastAPI, Streamlit, Git, GitHub
- Databases and Cloud:** MongoDB, MySQL, Linux, AWS, Docker
- Concepts:** ML Pipelines, Model Deployment, Information Retrieval, Time-series Modeling, Statistical Analysis

ACHIEVEMENTS

- **LinkedIn CoachIn Mentee:** 4-month coaching on professional growth. *Mar 2024*
- **Myntra HackerRamp:** Developed a fashion analytics platform for local designers. *Jul 2024*
- **IBM SkillsBuild:** Completed AI & Data Science Foundation certification. *Oct 2023*
- **Flipkart Grid 5.0:** Qualified Round 1 of national-level tech competition. *Jul 2023*

POSITIONS OF RESPONSIBILITY

- **Teacher, SANKALP (NGO):** Educated underprivileged students. *Jan 2023*
- **Member, INNOREVA Technical Team:** Worked on web dev and graphics. *Jan 2023*
- **Competitive Programming Team, SECE, NIT Jamshedpur:** Organized multiple coding contests. *Aug 2023*
- **Captain, Team Aahwan:** Managed schedules and workload. *Apr 2025*
- **Creative Head, SECE, NIT Jamshedpur:** Led the design and branding for events, created digital content, and ensured a cohesive visual strategy. *Nov 2024*

AREAS OF INTEREST

Machine Learning — Natural Language Processing (NLP) — Generative AI (LLMs) — Data Science — Applied ML Research — AI-powered Automation
